## ■ Safety Connect (if equipped)

Safety Connect is a subscription-based telematics service that uses Global Positioning System (GPS) data and embedded cellular technology to provide safety and security features to subscribers. Safety Connect is supported by Lexus' designated response center, which operates 24 hours per day, 7 days per week.

Safety Connect service is available by subscription on select, telematics hardware-equipped vehicles.

## ■ System components

---

- 1 Microphone
- 2 LED light indicators
- 3 "SOS" button

## ■ Services

---

Subscribers have the following Safety Connect services available:

- **Automatic Collision Notification\***

In case of either airbag deployment or severe rear-end collision, the system is designed to automatically call the response center. The responding agent receives the vehicle's location and attempts to speak with the vehicle occupants to assess the level of emergency. If the occupants are unable to communicate, the agent automatically treats the call as an emergency, contacts the nearest emergency services provider to describe the situation, and requests that assistance be sent to the location.

- **Stolen Vehicle Location**

If your vehicle is stolen, Safety Connect can work with local authorities to assist them in locating and recovering the vehicle. After filing a police report, call the Safety Connect response center at 1-800-25-LEXUS (1-800-255-3987) and follow the prompts for Safety Connect to initiate this service.

In addition to assisting law enforcement with recovery of a stolen vehicle, Safety-Connect-equipped vehicle location data may, under certain circumstances, be shared with third parties to locate your vehicle. Further information is available at [Lexus.com](http://Lexus.com).

- **Emergency Assistance Button (SOS)**

In the event of an emergency on the road, push the "SOS" button to reach the Safety Connect response center. The answering agent will determine your vehicle's location, assess the emergency, and dispatch the necessary assistance required.

If you accidentally press the "SOS" button, tell the response-center agent that you are not experiencing an emergency.

- **Enhanced Roadside Assistance**

Enhanced Roadside Assistance adds GPS data to the already included warranty-based Lexus roadside service.

Subscribers can press the "SOS" button to reach a Safety Connect response-center agent, who can help with a wide range of needs, such as: towing, flat tire, fuel delivery, etc. For a description of the Roadside Assistance services and their limitations, please see the Safety Connect Terms and Conditions, which are available at [Lexus.com](http://Lexus.com).

## ■ Subscription

---

After you have signed the Telematics Subscription Service Agreement and are enrolled, you can begin receiving services.

## **Lexus Enform with Safety Connect (if equipped)**

Lexus Enform and Safety Connect are subscription-based telematics services that use Global Positioning System (GPS) data, embedded cellular technology and XM satellite data services to provide safety and security as well as convenience features to subscribers.

Lexus Enform and Safety Connect services are supported by Lexus' designated response center, which operates 24 hours per day, 7 days per week.

Lexus Enform service is available by subscription on select, telematics hardware-equipped vehicles.

For details, refer to the "Owner's Manual" and "Navigation System Owner's Manual".

### **Services**

---

**With an active Lexus Enform subscription, the following features are available:**

- **Safety Connect features (→P.84)**

- Automatic collision notification \*1
- Stolen vehicle location
- Emergency assistance button (SOS)
- Enhanced roadside assistance

- **Apps**

Apps is a service that enables the usable contents of a mobile phone to be displayed on and operated from the navigation system screen. Before Apps can be used, a few settings need to be performed.

- **Destination Assist**

Destination Assist provides you with live assistance for finding destinations via the Lexus Enform response center. You can request either a specific business, address, or ask for help locating your desired destination by category, such as restaurants, gas stations, shopping centers or other points of interest (POI).

After you tell the agent your choice of destination, its coordinates are sent wirelessly to your vehicle's navigation system.

- **eDestination**

With the eDestination feature, you can go online, via the Lexus.com owner's Web site, to select and organize destinations of your choice and then wirelessly send them to your vehicle's navigation system.

You can store up to 200 locations online to access and update at any time.

Your locations can be organized into up to 20 personalized folders.

You must first go online at [www.lexus.com/drivers/](http://www.lexus.com/drivers/) to view the Owners site where you will need to register and log in. After this, personalized folders that contains the locations to be sent to your vehicle can be created. (See Lexus Enform with Safety Connect Guide for more information.)

- **XM Sports and Stocks<sup>\*2</sup>**

XM Sports and Stocks is a service included with XM satellite radio subscriptions. These services are also available with an XM Travellink subscription. With this service, you can receive updates via the navigation system on your personally selected sports teams and stocks.

- **XM Fuel Prices<sup>\*3</sup>**

XM Fuel Prices is a service included with an XM Travellink subscription. It enables the navigation system to display current fuel prices and gas station locations, which can be set as a destination if desired.

- **XM NavWeather<sup>TM\*3</sup>**

The subscription-based XM NavWeather<sup>TM</sup> service allows the navigation system to display weather information on the map screen.

- **XM NavTraffic<sup>®\*3</sup>**

The subscription-based XM NavTraffic<sup>®</sup> service allows the navigation system to display traffic information on the map screen.

The following navigation-based Lexus Enform features are available without a subscription:

● **Lexus Insider**

Lexus Insider is an optional service that can send audio messages, or articles, to participating owner's vehicles via the navigation system. Potential Lexus Insider subjects might include, for example, Lexus vehicle technology tips, updates on regional Lexus events, or audio excerpts from Lexus Magazine articles. Up to 20 articles can be stored at a time.

● **Voice Command**

The voice command system enables you to operate the navigation system, audio/video system, air conditioning system and hands-free system by giving a command.
